PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 261A at Meyersville, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 261A to Meyersville, Texas as that community's first FM service. Meyersville is an community with a population of 110 people according to the 2002/ 2003 Texas Almanac. Meyersville, Texas has its own school system, the Meyersville Independent School District, post office, volunteer fire department and a number of local churches. The proposed channel 261A will provide additional diversity and an outlet for local self-expression to Meyersville residents and therefore is in the public interest.

In order for Channel 261A to be allotted to Meyersville, Texas, station KCYT Channel 262C at San Antonio, Texas must be reclassified to a C0. (See, Attachment A, Request to Reclassify statement)

Attached hereto is a channel study confirming that Channel 261A can be allocated to Meyersville, Texas, consistent with the FCC's FM separation rules. See

Should this petition be granted, and Channel 261A be
allotted to Meyersville, Texas, Petitioner will apply for
Channel 261A, and after it is authorized, will promptly
construct the new facility.

The factual information provided in this Petition for
Rule Making is correct and true to the best of my
knowledge.

Respectfully submitted,

Petition for Rule Making
FM Channel 261A
Meyersville, Texas
June 25, 2003

Attachment A

Request to Reclassify
Station KCYY(FM), San Antonio, Texas
Pursuant to MM Docket 98-93

Radio Station KCYY(FM), San Antonio, Texas is licensed to CXR Holdings, Inc., 3993 Howard Hughes Parkway, Suite 250, Las Vegas, NV 89109, (Facility ID 48718), FCC File No. BMLH 20001010ACO. The facility operates with a power of 100 kilowatts with center of radiation 300 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KCYY(FM) be modified to specify operation on FM Channel 262C0 instead of on FM Channel 262C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 261A at Meyersville, Texas, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KCYY(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Meyersville, Texas as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on CXR Holdings, Inc. as is required in the above Docket.
